

SHD

Hydro-forming machine for thin wall tube wrinkling

Applications:

Automotive : EGR tubes (Exhaust Gas Recycling).

Aeronautics.

Characteristics:

- ✓ 4 numerical axes + 3 in option for handling.
- ✓ Inclined pre-loading ramp, capacity: 5 tubes (option).
- ✓ Memorized tool adjustment.
- ✓ Inclined unloading ramp.
- ✓ Fast tooling changeover.
- ✓ High production rate (up to 95%).
- ✓ Low noise level.
- ✓ Centralized lubrication.
- ✓ Tool handling crane (option).
- ✓ "Dead-man" handle.
- ✓ Comply with current CE standards.
- ✓ Low maintenance, modem connection as an option.
- ✓ Siemens 840D numerical control.
