

3 numerical axes

Y axis - Booster
 B1 axis – Tool rotation
 B2 axis - Toothed crown rotation
 V axis (option) – Axial clamping

Other movments :

Opening die / Closing die
 Cam action clamping
 Electric continuity

Applications:

- Aerospace / Automotive :
- Air conditioning
- Brake tube
- Hydraulic
- Injection
- Fuel
- Water circuit

Domestic

Fuel

Brake line

Domestic / air conditioning

Automotive / air conditioning

Injection

Aeronautic
