

SDB 306

Full electric CNC tube bender

Applications:

Hydraulic circuits (brakes, power steering ...) for tube diameters up to 6.35 mm and tube lengths from 100 up to 1000 mm

Main characteristics:

- ✓ Multi-diameter up to 6, 35 mm (same part, same tool)
- ✓ SIEMENS numerical control²
- ✓ Compact machine / total surface : 8 m²
- ✓ Bending with end forming
- ✓ (Nut & Cap).
- ✓ Integrated programs
- ✓ Integrated loading and unloading
- ✓ Horizontal or vertical loading unit
- ✓ Full electric machine
- ✓ Clockwise or counter-clockwise bending
- ✓ Changeover time: less than 2 min.
- ✓ Comply with current CE standards
